College & Career Tools for Florida's College Students

College is hard work. FloridaShines can help.

With a host of free online tools and resources designed specifically for Florida's students, FloridaShines is the starting point on a bright path to college success!

- * Check your progress toward graduation
- * Find online courses
- * Research degrees and programs
- * Transfer schools
- * View your unofficial college transcripts
- * Learn about the impact of changing schools and majors

.....and much more!

Profiles of Florida Colleges & Universities

View detailed information about each institution, campuses, admission criteria (e.g., SAT, ACT, GPA), majors and programs, cost, admission and financial aid deadlines, student enrollment, demographics, campus life, and much more.

Discover Degrees and Programs

Access a searchable database of degrees and programs offered at Florida's state colleges and universities.

Degree Program Requirements

A convenient web-based advising tool that enables students to view the courses required for every college and university degree program in Florida.

Access to Unofficial Transcripts

Using FloridaShines, students can retrieve their unofficial transcripts to see the courses they've completed and grades earned. Unofficial transcripts may also include additional information such as test results, selected major, or enrollment history.

Check Progress Toward Graduation

With this tool, students can quickly check to see how close they are to graduation. This tool shows students how each of their courses **apply** to their degree, and lists any requirements **remaining in order to graduate**.

Florida 2+2

FloridaShines provides detailed information about the state's AA-to-baccalaureate transfer program. Quickly find out which courses and other academic credentials (e.g., GPA) are required to transfer an AA degree to a four-year baccalaureate program.

Impact of Changing Majors

This tool compares a student's current major against the new major that he/she is considering, and lists the remaining courses required **in order to complete that new major**.

Learn Online

A powerful, easy-to-use interface enables students to **search** for online courses offered at colleges and universities across the state.

Request to Take a Course at Another School

FloridaShines maintains the official application that all currently-enrolled students must use to request approval to take a course at another Florida college or university. (Also known as the "Transient Student Admissions Application" (TSAA))

MyCareerShines

A service of FloridaShines, MyCareerShines is Florida's education and career planning system. This free, state-funded online tool utilizes research-based assessments that help students learn about themselves, **discover options and opportunities for their future**, and develop personalized education and career plans.
