BUT WAIT, THERE'S MORE WAYS TO QUIT. HERE ARE SOME QUIT TOOLS TO HELP YOU GET STARTED.

You can still access FREE tools to get you started. Choose one. Choose two. Choose as many as you need. Or use them in addition to our Phone, Group and Web services. Receive a 2-week starter kit of free nicotine patches or gum, if medically appropriate and 18 years of age or older, texting support, a quit guide, or helpful emails.

FIVE TIPS TO GET STARTED

Tobacco Free Florida's free tools and services can help you quit any type of tobacco, including cigarettes, cigars and smokeless tobacco like chew and dip. Here are a few tips to help you along the way.

1 SET A QUIT DATE

Pick a date about two to four weeks away. Be sure to avoid holidays or other occasions that will be hard for you. Most importantly, don't pick tomorrow as your quit day. There are things you need to do to prepare.

2 GET SUPPORT

Quitting tobacco can be easier with support. Tell friends, family and co-workers about your plan to quit and ask for their support. Also talk with your health care provider, which can increase your chances of quitting tobacco.

3 USE MEDICATION CORRECTLY

Use nicotine replacement therapies (NRT), medication, or other quit therapies to lessen the urge to use tobacco and help you quit. Only use products that have been approved by the U.S. Food and Drug Administration (FDA), which are proven safe and effective.

4 KNOW YOUR TRIGGERS

Identify the triggers that lead to your urges and cravings to use tobacco. Then develop new coping mechanisms like exercise, drinking lots of water and maintaining a healthy diet.

5 DON'T GIVE UP

Even people who quit successfully sometimes have a slip and use tobacco briefly. Don't be ashamed or upset if you get off track. Continue to work toward a healthy, tobacco free life.
