

PRACTICAL NURSING PROGRAM

To Prospective Health Career Applicant:

Individuals who are considering entering the health care profession and who may have a criminal history often ask about potential barriers to licensure, certification and registry following successful completion of an approved course.

As of July 1, 2009 any felony drug conviction or Medicaid/Medicare fraud will prohibit the eligibility of license, certification or registry in Florida for 15 (fifteen) years after the end of the probation period. Also, some felony convictions cause a person's civil rights to be taken away. For background conviction record guidelines please visit the Florida Board of Nursing information at <http://floridasnursing.gov/licensing/licensed-practical-nurse-registered-nurse-by-examination/> or contact Florida Department of Health, Division of Medical Quality Assurance, 4052 Bald Cypress Way, Tallahassee, FL 32399 (850-245-4125).

For all other cases, the Governing Board makes decisions about licensure on an individual basis based upon the answers to questions on the application. The application (or the background screening) that indicates a criminal history is considered a non-routine application and must be reviewed by the board staff and possibly referred to the Board for action.

The Governing Boards for each health occupation have created guidelines for specific offenses to be cleared in the board office; however, the staff cannot make determinations in advance as laws and rules do change over time. Cases of applicants that have committed violent crimes or are repeat offenders are required to be reviewed by the respective board. Evidence of rehabilitation is important to the Board Members when making licensure decisions.

In these cases, the Board may issue a license under conditions such as probation, supervision, or additional education, or simply deny the application. If drugs or alcohol are a concern, the board may require the applicant to undergo an evaluation and to sign a contract with a designated monitoring program.

Each health careers program makes independent decisions about admissions into the program and FCTC requires a criminal background screening as part of that process. Clinical facilities may limit or prohibit students with criminal histories from participating in clinical experiences. Other options may not exist for the student to complete required clinical hours in order to complete the chosen program; thus, such a student may not be eligible for licensure, certification and registry in Florida.

The licensure application requires disclosure of any criminal history and the disposition of all cases prior to board review. Entry into the health career education program is the prospective student's decision based upon the knowledge that he/she may, or may not, be granted a license, certification or registry. All of the above factors should be taken into consideration prior to making a decision about a healthcare career.

For more information please contact Florida Department of Health, Division of Medical Quality Assurance, 4052 Bald Cypress Way, Tallahassee, FL 32399, via web site at <http://www.doh.state.fl.us/mqa> or by contacting the Call Center at 850-488-0595.

Instructions for Obtaining your Background Check for a Health Careers Program

Background checks and drug screening are required *on incoming students* to insure the safety of the patients treated by students in the clinical/extern/practicum education program. Your results *must be submitted with your application* in sufficient time to allow for items to be reviewed by the program coordinator. A background check typically takes 3-5 normal business days to complete. Background checks are conducted by the Florida Department of Law Enforcement and the FDLE does not release Social Security Number information.

There will be a charge of **\$24.00** against your credit card for each name search performed, regardless of search results. This Internet service will provide you with a list of possible matches similar to the subject of the inquiry.

Falsifying or altering any of the returned information with intent to misrepresent the contents is prohibited by law, and may be punishable as a felony when done with intent to injure or defraud any person.

FDLE Student Background Check Ordering Steps:

1. For the student background check go to <https://web.fdle.state.fl.us/search/app/default>
2. Under the search tab complete all required fields as prompted and hit submit to enter your payment information. The application will first ask for information about you and the credit card that you will use to pay for the services. The purpose for this information is to validate the credit card payment and to allow FDLE to fulfill its requirements for criminal history dissemination.
3. After submitting your customer information, you will continue to the entry of search criteria. The accuracy of the information you provide is critical to the search results since records searched are based on your submission information.
4. After submitting the search criteria, you will confirm the information and accept the \$24 fee for the search. You will be presented a receipt which you can e-mail and/or print for your convenience. We strongly encourage you keep the receipt for your records in case you experience problems with the Internet service.
5. Search results are returned directly to your browser screen. Search results will not be sent by regular mail. Review the possible matches individually, by evaluating all of the demographic information that is available. You should begin by looking at the complete name, sex, race, date of birth, SSN and any other identifiers that may be present, such as alias name, additional dates of birth or SSN, height, weight, eye, and hair color. Do not assume that the possible match will always be the first or second candidate.
6. The Search Results Page displays the possible matches to the search criteria that you have entered. The result of the search could indicate that no record was found on the subject, that a single subject matched the search criteria, or that there were multiple possible matches.
 - a. If there was no record found, there is no criminal history on file for the subject (based on the info provided). No additional charges apply beyond the \$24 fee.
 - b. If a single match occurred, the subject's criminal history will be returned. No additional charges apply beyond the \$24 fee.
 - c. If more than one record matched the search criteria, you will be presented with a choice of up to five candidates that matched. You will then select the record(s) you would like to receive. The criminal record for one selected candidate is included in the \$24 fee. Should you elect to receive records on more than one candidate, you will be charged an additional \$24 for each candidate you select.
7. When you get to the Select Candidates page, you may select the record(s) you would like to receive by clicking the "Display History" button next to the subject. Only subjects that are selected will be displayed once you click the "Display History" button.
8. Your search results are returned instantly, have your results emailed to yourself, you **MUST** forward the results to debra.warren@fctc.edu
