Dear FCTC Students,

We hope this email finds you well. It certainly has been a challenging few months for everyone.

Over the next few weeks, we will take gradual steps to transition staff and visitors back to campus. Some administrative staff have already started returning to campus while others will continue to work virtually.

The purpose of this email is to provide you with the easiest steps to reach out to Administrative staff. Our goal is to respond to you by setting up appointments, so we limit the movement around campus.

Students will only be seen by an appointment. By emailing or calling, you can schedule a specific time for a talk or virtual call. You'll find contact information below to help you with scheduling:
